**Von Duke University Press Books : The Tatars of Crimea: Return to the Homeland (Central Asia book series)**  
before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Tatars of Crimea:  
Return to the Homeland (Central Asia book series):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Almost  
complete Von Ein Kunde Having Crimean Tatar ancestry I was very excited by reading this book. It focuses on the

history after the illegal annexation of Crimea by Russia. I wish they paid more attention on the Crimean Khanate history but this could be the topic of another book.0 von 0 Kunden fanden die folgende Rezension hilfreich. The best book that I ever read! Von Game Boy Man This book is the best book that i ever read. It outlines all the horrible things that the Soviet Union did to the Tatars. I believe that all people should read this book, and realize that not much has changed!

Kurzbeschreibung This new edition of Edward A. Allworth's *The Tatars of Crimea* has been extensively updated. Five new chapters examine the situation of Crimean Tatars since the breakup of the USSR in 1991 and detail the continuing struggle of the Tatars to find peace and acceptance in a homeland. Contributors to this volume almost half of whom are Tatars discuss the problematic results of the partial Tatar return to Crimea that began in the 1980s. This incomplete migration has left the group geographically split and has complicated their desire for stability as a people, whether in their own homeland or in the Central Asian diaspora. Those who have returned to the region on the Black Sea in Ukayina (formerly Ukraine) have found themselves engulfed in a hostile political environment dominated by Russian residents attempting to stifle the resurgence of Crimean Tatar life. Specific essays address the current political situation in and around Crimea, recent elections, and promising developments in the culture, leadership, and movement toward unity among Crimean Tatars. Beyond demonstrating the problems of one nationality caught in a fierce power struggle, *The Tatars of Crimea* offers an example of the challenges faced by all nationalities of the former Soviet Union who now contend with deteriorating economic and political conditions, flagrant discrimination against ethnic minorities, and the denial of civil and human rights common in many of the newly independent states. Contributors. Ludmilla Alexeyeva, Edward A. Allworth, Mbeyyin Batu Altan, Nermin Eren, Alan W. Fisher, Riza Gln, Seyit Ahmet Kirimca, Edward Lazzarini, Peter Reddaway, Ayshe Seytmuratova, Andrew Wilson
