Ehrliche Betrachtung der Labour-JahreVon bobdabuiSchonungslos stellt Mandelson die Labour-Jahre dar und gibt dabei auch viele vertrauliche Gesprche und preis. Sicherlich stellt sein Buch stark die eigene Perspektive dar und muss im Kontext der Berichte seiner Zeitgenossen gesehen werden, jedoch ist dies keine typische politische Rechtfertigungs-

Biographie und man kauft Mandelson den Anspruch einen "ehrlichen" Rückblick zu schreiben ab.

Kurzbeschreibung The number one bestselling memoir of one of New Labour's three founding architects, now with a revealing new chapter updating this e-book edition. Peter Mandelson is one of the most influential politicians of modern times. The Third Man is his story of a life played out in the backroom and then on the frontline of the Labour Party during its unprecedented three terms in government. Much of the book is devoted to the defining political relationships of Peter Mandelson's life with Tony Blair and Gordon Brown. Charting what he terms the soap-opera years of the Labour government, his book continues to ruffle feathers with an updated preface bringing the story up to the tempestuous present.
