Kurzbeschreibung First published as part of the best-selling The Oxford Illustrated History of Britain, John Guy's Very Short Introduction to The Tudors is the most authoritative short introduction to this age in British history. It offers a compelling account of the political, religious and economic changes of the country under such leading monarchs as Henry VIII and Elizabeth I. The work has been substantially revised and updated for this edition. In particular, the reigns of Henry VII, Edward VI, and Philip and Mary are comprehensively reassessed.
