Von Oliver Stone, Peter Kuznick : The Untold History of the United States (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Untold History of the United States (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen9 von 9 Kunden fanden die folgende Rezension hilfreich. ein Geschichtsbuch von historischer BedeutungVon Thomas WeissDieses Buch gibt einen tieferen Einblick in die Geschichte der USA als ihn der normale sterreichische Geschichtsunterricht vermittelt. Ein Buch von Amerikanern ber Amerika.17 von 18 Kunden fanden die folgende Rezension hilfreich. "An Eye Opener"Von Robert FisherIch bin

Amerikaner und obwohl ich die Geschichte von Amerika gut zu kennen meine, hab ich viel gelernt in den ersten drei Kapiteln. Leider war alles nicht so schnell aber sehr interessant. Die Geschichte und der Mensch hat sich in vielen Dingen nicht geändert, wieder leider. Ein tolles Buch! R. Fisher 5 von 5 Kunden fanden die folgende Rezension hilfreich. unentbehrlich Von Juan Gorraizes ist schon Zeit, dass man die wahre Geschichte kennt und Vorurteile abbaut ("böse" Russen, "gute" Amerikaner, "faire" Engländer, etc.). Empfehlenswert!

Kurzbeschreibung A companion to Oliver Stone's ten-part Showtime documentary series in the tradition of Howard Zinn's Peoples History of the United States, this cutting-edge and provocative book challenges the status quo of American history. Multiple Academy Award-winner Oliver Stone (once called Dostoevsky behind a camera) has directed such iconic movies as Platoon, Wall Street, JFK, Natural Born Killers, and W and is known for his often controversial point of view and probing exploration of weighty historical and political topics. Now, Stone collaborates with esteemed American University professor Peter Kuznick to present our country's secret history, one that has been unearthed through recently discovered archives and newly declassified material. Filled with poignant photos and little-known historical facts, this book covers the rise of the American Empire and national security state from the late nineteenth century through the Obama administration, revealing how deeply rooted the seemingly aberrant policies of the Bush-Cheney administration are in the nation's past and why it has proven so difficult for President Obama to significantly change course. By discerning patterns that have previously gone unrecognized and examining the most recently released classified documents, Stone and Kuznick challenge prevailing orthodoxies and ask questions not normally raised. The result is not the kind of history taught in schools or represented on television or in popular movies, and it will come as a surprise to the vast majority of American and global citizens, shocking and astounding both experts and history-lovers alike. **Pressestimmen** "Kuznick and Stone's Untold History is the most important historical narrative of this century" (Martin J. Sherwin, Pulitzer Prize-winning author of American Prometheus) "It's compulsive reading: brilliant, a masterpiece" (Daniel Ellsberg, author of Secrets: A Memoir of Vietnam and the Pentagon Papers) "Finally, a book with the guts to challenge the accepted narrative of recent American history" (Bill Maher) "There is much here to reflect upon... indispensable" (Mikhail Gorbachev) **Werbetext** The book to accompany Oliver Stone's landmark 10-part documentary series, The Untold History of the United States
