**Von Walter E. Houghton : The Victorian Frame of Mind, 1830-1870 (Yale Paperbound, Y-99)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Victorian Frame of Mind, 1830-1870 (Yale Paperbound, Y-99):

KundenrezensionenHilfreichste Kundenrezensionen4 von 5 Kunden fanden die folgende Rezension hilfreich. A great introduction to this topicVon Friederike HahnIf you think that the Victorians were dead conservative people living in

great mansions then you should read this book. There are so many stereotypes about this era that you will be surprised about the actual facts. The Victorian era was not a time of stagnation but one of constant change in which the growing insecurity about where this was eventually going to lead caused people to cling to old values or to new extremes. It was an interesting period, filled with hypocrisy at times.0 von 0 Kunden fanden die folgende Rezension hilfreich. sehr schnes BuchVon Larizona JellyfishDas Buch sieht etwas anders aus, als auf dem Bild und ist wickrlich dick, aber es verschafft einem einen super Durchblick, wenn man sich erstmal durchgelmpft hat

KurzbeschreibungIt is now forty years, Walter Houghton writes, since Lytton Strachey decided that we knew too much about the Victorian era to view its culture as a whole. Recently the tide has turned and the Victorians have been the subject of sympathetic period pieces, critical and biographical works, and extensive studies of their age, but the Victorian mind itself remains blurred for usa bundle of various and often paradoxical ideas and attitudes. Mr. Houghton explores these ideas and attitudes, studies their interrelationships, and traces their simultaneous existence to the general character of the age. His inquiry is the more important because it demonstrates that to look into the Victorian mind is to see some of the primary sources of the modern mind.KurzbeschreibungIt is now forty years, Walter Houghton writes, since Lytton Strachey decided that we knew too much about the Victorian era to view its culture as a whole. Recently the tide has turned and the Victorians have been the subject of sympathetic period pieces, critical and biographical works, and extensive studies of their age, but the Victorian mind itself remains blurred for usa bundle of various and often paradoxical ideas and attitudes. Mr. Houghton explores these ideas and attitudes, studies their interrelationships, and traces their simultaneous existence to the general character of the age. His inquiry is the more important because it demonstrates that to look into the Victorian mind is to see some of the primary sources of the modern mind.Synopsis This work carefully scrutinizes the emotional and intellectual attitudes of the Victorian era.
