PavlucikThis is one book by Mary Summer Rain that is quite unlike her previous books. In this book, she has a visitation by an archangel, who is concerned about the spiritual state of mankind. Coming to Mary, he feels that her words will be able to awaken mankind and to help them "turnaround" their negative behavior.I do

believe that Mary's words impact millions of people as she has always lovingly written of the truth and has helped us see the truth. The book is a fast read and expounds upon the Ten Commandments. The archangel goes into the "simplicity" of each one and how mankind has chosen to disregard these rules from God and explains what can be done to turn things around. I just finished reading *In God's Truth* by Nick Bunick and along with this book by Mary Summer Rain, I feel that man has turned around the words of God and man has used these words in ways that God did not intend to be used. The simple words of faith and love have become distorted and as mentioned in the book, we have become an "I" and a "me" generation. This is a book of hope, of looking at where one is and where one needs to go. It is a book of introspection and asking of yourself "what is really, really important in my life?" Am I living my life as God wants me to? Would I do the things right now if God were standing right next to me? Some pretty heavy issues in this book, bring up some major questions. You *will* question yourself and some of the answers you come up with will hopefully have you changing around your life. I recommend this book enthusiastically. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Dieses Buch bringt uns zurck zu den 10 Geboten Von Ein Kunde In diesem Buch wird Mary von einem Erzengel besucht, der sich Sorgen um den Zustand der Menschheit macht. Er bespricht mit Mary die 10 Gebote und wie diese in der heutigen Zeit gelebt werden knnen/sollten. Es wird sehr schnell klar, da vieles aus reinem Egoismus auf dieser Welt passiert - im Groen wie im Kleinen. Der Erzengel befurchtet jedoch, da wir nicht rechtzeitig genug aufwachen und merken, da wir uns diesen Egoismus bald nicht lnger werden leisten knnen. 1 von 1 Kunden fanden die folgende Rezension hilfreich. This book moved me to tears. Von Ein Kunde I am a 43-yr. old woman who has been experiencing a midlife spirituality crisis. This book was referred to me at an Indian Pow Wow in LaVergne, TN, just yesterday. I picked it up and didn't put it down until I had read the entire thing. I can't tell you what it meant to me. This book spoke to me. It answered a lot of questions and generally put things into perspective for me. I highly recommend it.

Kurzbeschreibung Revealing the Meaning of Ten Ancient Writings She called it a vivid dream, yet puzzling physical remnants were left behind. Sitting in her reading chair beside the crackling wood stove, the author had been deep in meditation when the room began growing brighter and brighter until a radiant being appeared. Shoulder-length blonde hair, electric sapphire-blue eyes, a smile that reached into her soul and surrounded it with total love - she recognized him as an archangel. If you could sit in front of an angel while he gave you a detailed state of the human soul address - a message to share with those who would listen - you might ask a few questions and get some unexpected responses. She was told that the spiritual state of humankind was grave, that egotism, apathy, and materialism were causing the collective consciousness of entire civilizations to take a negative path that will lead to dire consequences. But she was also told that there was hope, there was time to alter the outcome - if only ten simple, ancient writings were understood.
