Whispers from the GraveVon Ein KundeThe Women of the Confederacy speak. Culled from journals, diaries and published memoirs of the most cruel war of all, a Civil War, these women tell of hardships endured and unbelievable savagery on both sides. If this book was fiction it would be a good read. As eyewitness accounts it is a great read.

Experience the horrors, the insights, the frame-of-mind of a violent time from our past. This book will enrich you
