KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. One Of The Most Memorable Periods In History.Von Ein KundeThis is a moving, at times stimulating account of the war which introduced a great general to legendary status the men nation that strove labored to stop him from attaining complete dominion which seemed just within his grasp at almost every moment.Livy writes in a clear fluent manner,conveying the drama terrible events which constituted one of the most trying moments of all time. Although one of the most eminent historians in history,it is true that Livy is indeed one of the most biased men of letters to come out from the latin dictum.Several situations are pointed out by the translator to indicate this, the probable true knowledge of a lot of Carthaginian Roman affairs may have been sadly omitted or exaggerated in the authors text.One could think that many feats by Hannibal the Carthaginians may have been effaced to give the Romans a more rounded consistent achievement;because it's quite hard to believe that the man responsible for such brilliant achievements as the Alps,Trasimene Cannae would be left to the mere subjections whims for the next 13 years under subordinate generals of his opposition,suffering one setback after the other.And with all the reverses Carthage seemed to be endlessly going through,it's amazing that the war lasted as long as it did.Nevertheless,despite these unfortunate blemishes,this is one of the most important documents ever created,one of the very few sources we have on Hannibal the Carthaginians,invaluable in its chronicling of this important decisive period in world history.MY RATING FOR THIS IS 3 A HALF STARS.0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent for history lovers! Exciting reading.Von Ein KundeLivy does an excellent job describing political and military events in this text. What began as a classroom assignment (University) turned into one of my all-time favorite books. Not only is does Livy describe the events in such detail, the story actually makes you feel as if you are riding alongside Hannibal and listening to his thoughts as he plans an assault on Italy. Highly advise giving this text a try!0 von 0 Kunden fanden die folgende Rezension hilfreich. Taschenbuch in schlechtem ZustandVon KundeZum Inhalt kann ich nichts sagen, da ich dieses Buch als Geschenkwunsch gekauft habe. Der Zustand dieses neuen Taschenbuchs ist allerdings total schlecht. Es hat abgestoene Ecken und sieht nicht gerade neu aus. Da htte ich mir auch ein gebrauchtes Taschenbuch kaufen knnen, das wre wahrscheinlich in einem besseren Zustand.

KurzbeschreibungIn The War with Hannibal, Livy (59 BC-AD 17) chronicles the events of the Second Punic War between Rome and Carthage, until the Battle of Zama in 202 BC. He vividly recreates the immense armies of Hannibal, complete with elephants, crossing the Alps; the panic as they approached the gates of Rome; and the decimation of the Roman army at the Battle of Lake Trasimene. Yet it is also the clash of personalities that fascinates Livy, from great debates in the Senate to the historic meeting between Scipio and Hannibal before the decisive battle. Livy never hesitates to introduce both intense drama and moral lessons into his work, and here he brings a turbulent episode in history powerfully to life.KurzbeschreibungIn The War with Hannibal, Livy (59 BC-AD 17) chronicles the events of the Second Punic War between Rome and Carthage, until the Battle of Zama in 202 BC.
