**Von John A. Lynn : The Wars of Louis XIV 1667-1714 (Modern Wars In Perspective)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wars of Louis XIV 1667-1714 (Modern Wars In Perspective):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Grundlegende DarstellungVon Ein KundeAuf Deutsch ist eine umfassende Darstellung der Kriege Ludwigs XIV. und

des Heerwesens dieser Zeit nicht zu haben. Daher mu der interessierte Leser einfach zu diesem Werk greifen. Man wird den Kauf nicht bereuen.1 von 2 Kunden fanden die folgende Rezension hilfreich. Very goodVon Ein KundeThis is an incredible book for those willing to tackle the subject. Granted, there aren't too many people interested in the matter, but for those doing serious research or just filling in the blank spots in one's understanding of history this book will be the Quran and the Bible.

KurzbeschreibungWarfare dominated the long reign of the `Sun-king', Louis XIV. For forty years from 1672, France was continuously at war and had one of the largest armies seen in the West since the fall of imperial Rome. The campaigns secured little territory, but almost bankrupted the country and the consequences for the French monarchy were dramatic - contributing to its eventual downfall. John Lynn examines the wars for evidence of a coherent strategic policy; he explores the operational logistics of the campaigns; and considers their significance for France's diplomatic, political, military, administrative and institutional This is the first modern, comprehensive study in any language, and offers a vivid insight into 17th and 18th century statesmanship and warfare - reaching a climax with the defeat of France by Marlborough at Blenheim.Pressestimmen'a most welcome addition to the literature'"War in History"'a most welcome addition to the literature'War in HistoryKurzbeschreibungWarfare dominated the long reign of the `Sun-king', Louis XIV.
