**Von Colm McNamee : The Wars of the Bruces: Scotland, England and Ireland 1306 - 1328** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wars of the Bruces: Scotland, England and Ireland 1306 - 1328:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A balance view of Clan Bruce's Rise to PowerVon Deborah MacgillivrayThis is an exceptional work covering the rise of Clan Bruce from 1306-1328. It is a dispassionate look, trying to steer away from the anti-bruce sentiment that rose after Braveheart movie - sorry gang - the Bruce got a RAW DEAL from Mel's movie. If you want to know about the

Bruce, this is a great starting point. It is rich with details. Covers Edward the Bruce being crowned King of Ireland and the mess surrounding that. It systematically examines not only the struggles of the Bruce in coming to power and keeping that power in Scotland, but looks at the other little wars of the Bruces and the whole picture - the social climate inside and outside of Scotland. A meticulous work, that might be a bit more in depth than the casual reader would appreciate, but to serious students on the topic this is a true find.

Kurzbeschreibung The Bruces of 14th century Scotland were formidable and enthusiastic warriors. England's war with Robert Bruce profoundly affected the whole of the British Isles. This study links up the various theatres of war, and discusses the effects of the Bruce Wars outside Scotland and the attempt to establish a 'pan-celtic alliance'. Pressestimmen 'for well crafted history, this volume would be hard to beat' -- Danny Murphy \* S.A.T.H. \* 'This is a fine book that should be of interest to a much wider audience than historians' -- Michael Prestwich, University of Durham Kurzbeschreibung The Bruces of 14th century Scotland were formidable and enthusiastic warriors. England's war with Robert Bruce profoundly affected the whole of the British Isles. This study links up the various theatres of war, and discusses the effects of the Bruce Wars outside Scotland and the attempt to establish a 'pan-celtic alliance'.
